

## **Kennametal Prices Equity Offering at \$36.00 Per Share**

June 14, 2002

LATROBE, Pa., June 14 /PRNewswire-FirstCall/ -- Kennametal Inc. (NYSE: KMT) today announced that it priced 3,200,000 shares of Common Stock at a public offering price of \$36.00. Kennametal also granted the underwriters an option to purchase an additional 480,000 shares to cover over-allotments.

The offerings are consistent with the company's previously announced plans to fund the acquisition of the Widia Group as part of a comprehensive refinancing of its capital structure.

Kennametal is offering all of the securities. Goldman, Sachs & Co. and Lehman Brothers are lead managing the Common Stock offering.

This press release shall not constitute an offer to sell or a solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction. A copy of the prospectus supplement relating to the offerings may be obtained from Goldman, Sachs & Co., 85 Broad Street, New York, NY 10004. The prospectus supplement will also be filed with the Securities and Exchange Commission and will be available at the SEC's Website at [www.sec.gov](http://www.sec.gov).

This release contains certain "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. You can identify these forward-looking statements by the fact they use words such as "should," "anticipate," "estimate," "approximate," "expect," "may," "will," "project," "intend," "plan," "believe," and others words of similar meaning and expression in connection with any discussion of future operating or financial performance. One can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. These statements are likely to relate to, among other things, our goals, plans and projections regarding our financial position, results of operations, market position and product development, which are based on current expectations that involve inherent risks and uncertainties, including factors that could delay, divert or change any of them in the next several years. Although it is not possible to predict or identify all factors, they may include the following: global economic conditions; risks associated with integrating and divesting businesses and achieving the expected savings and synergies; demands on management resources; risks associated with international markets such as currency exchange rates, and social and political environments; competition; labor relations; commodity prices; demand for and market acceptance of new and existing products; and risks associated with the implementation of restructuring plans and environmental remediation matters. We can give no assurance that any goal or plan set forth in forward-looking statements can be achieved and readers are cautioned not to place undue reliance on such statements, which speak only as of the date made. We undertake no obligation to release publicly any revisions to forward-looking statements as a result of future events or developments.
