## **Proxy Statement for Annual Meeting of Shareowners**

**October 28, 2003**

This Proxy Statement is being furnished to the shareowners of Kennametal Inc. (the "Corporation") in connection with the solicitation by the Board of Directors of the Corporation of proxies to be voted at the Annual Meeting of Shareowners, which is scheduled to be held October 28, 2003. Only holders of record of capital stock, par value \$1.25 per share, of the Corporation ("Capital Stock") at the close of business on September 9, 2003, will be entitled to notice of and to vote at the meeting and at any adjournment thereof. On that date, there were 35,926,816 shares of Capital Stock outstanding and entitled to one vote per share.

Shareowners of record may vote: (a) by telephone; (b) via the Internet; or (c) by completing, signing, dating and returning the enclosed proxy form in the envelope provided. Specific instructions for telephone and Internet voting are included on the enclosed form of proxy. If a shareowner votes by telephone or via the Internet, it is not necessary to return a proxy card. If a shareowner properly gives a proxy (including a written proxy or a proxy via telephone or the Internet), the shareowner's shares will be voted as the shareowner specifies in the proxy. A shareowner may revoke a proxy prior to its exercise by delivering a written notice of revocation to the Secretary of the Corporation, by giving a valid, later dated proxy or by attending the meeting and voting in person.

The shares represented by all properly executed proxies received by the Secretary in the accompanying form of proxy prior to the meeting and not so revoked will be voted. Where a choice is specified on the form of proxy, the shares will be voted in accordance with the choice made therein. If no such choice is made, the shares will be voted in accordance with the recommendation of the Board of Directors. The form of proxy also confers discretionary authority on the named proxies to vote the shares represented by the proxy on any matter that is properly presented for action at the Annual Meeting of Shareowners. Under Pennsylvania law and the Corporation's Articles of Incorporation and By-Laws, abstentions and broker non-votes will have no effect on matters to be voted on at the Annual Meeting since directors are to be elected by plurality vote and the selection of auditors is to be ratified by the affirmative vote of at least a majority of the votes cast by shareowners present, in person or by proxy, at the meeting. A majority of the named proxies who shall be present and shall act at the meeting (or, if only one shall be present and act, then that one) may exercise all powers granted to them by the proxies solicited hereunder. The address of the principal executive offices of the Corporation is 1600 Technology Way, Latrobe, Pennsylvania 15650-0231. This Proxy Statement was first mailed to shareowners on or about September 22, 2003.

### **ELECTION OF DIRECTORS**

Three directors are to be elected to hold office as Directors of the Second Class for terms of three years and until their successors are elected and qualified.

The owners of Capital Stock have cumulative voting rights in the election of directors. In voting for directors, a shareowner has the right to multiply the total number of shares which the shareowner is entitled to vote by the number of directors to be elected in each class, and to cast the whole number of votes so determined for one nominee in the class or to distribute them among the nominees if more than one nominee is named in such class. Proxies who vote at the meeting on behalf of a shareowner will have the discretion to and may exercise such cumulative voting rights. The three individuals who receive the largest number of votes cast will be elected as Directors of the Second Class.

The persons named in the enclosed form of proxy were selected by the Board of Directors and have advised the Board of Directors that, unless authority is withheld, they intend to vote the shares represented by them at the meeting for the election of the following nominees named to serve as directors. The nominees for election for terms of three years in the Second Class of Directors are: Ronald M. DeFeo, William R. Newlin, and Lawrence W. Stranghoener, each of whom has served as a director since 2001,

---

1982 and 2003, respectively. **The Board of Directors unanimously recommends a vote FOR the election of each of these nominees.**

If at the time of the meeting any of the foregoing nominees is not available to serve as a director, an event which the Corporation has no reason to anticipate, the Corporation has been informed that the persons named in the enclosed form of proxy intend to vote the shares represented by them at the meeting for such other person or persons, if any, as may be nominated by the Board of Directors.

#### **Board of Directors Compensation and Benefits**

Directors who are not employees of the Corporation each receive compensation from the Corporation for services as a director at an annual rate of \$30,000 plus \$10,000 in restricted stock or deferred stock credits plus an option for 4,500 shares. Directors are also eligible to participate in the Corporation's stock option plans. Newly elected directors receive stock options for 9,000 shares, with annual grants thereafter of 4,500 shares. The exercise price for each award is the mean between the highest and lowest sales price of the Corporation's Capital Stock on the NYSE on the last trading day prior to the date of the grant. During fiscal 2003, each of the non-employee members of the Board of Directors were awarded stock options for 7,500 shares, representing the annual grant of stock options for 4,500 shares plus stock options for 3,000 shares in lieu of shares of restricted stock which were not awarded during fiscal 2002. The Lead Director receives total annual compensation of \$60,400 plus \$10,000 in restricted stock or deferred stock credits plus an option for 4,500 shares. William R. Directors who are employees of the Corporation do not receive any compensation for services as a director or as a member of any committee of the Board of Directors. Directors fees are paid quarterly.

Under the Corporation's Deferred Fee Plan for Outside Directors (the "Deferred Fee Plan"), directors are permitted annually to request that the payment of any compensation that may be payable to them for services as a director or committee member be deferred for payment, with interest, at a later time. The deferred payments would be actually funded by a transfer of cash into a deferred compensation trust (a so-called "Rabbi Trust"), administered by an independent trustee, upon the occurrence of a threatened or actual change in control of the Corporation (as defined in the deferred compensation trust agreement). Under the Corporation's Directors Stock Incentive Plan, any non-employee director may elect to receive shares of the Corporation's Capital Stock in lieu of all or a portion of any consideration payable for services as a director that is not deferred pursuant to the Deferred Fee Plan. In addition, any non-employee director may elect to receive stock credits, representing shares of the Corporation's Capital Stock, with respect to all or a portion of any consideration deferred pursuant to the Deferred Fee Plan. Non-employee directors also receive \$50,000 of life insurance coverage, which is paid for by the Corporation. As part of the Corporation's support for charities, non-employee directors are eligible to participate in the Corporation's Matching Gifts Program in which The Kennametal Foundation will match gifts on a dollar-for-dollar basis to qualified institutions up to \$5,000 per year.

(1) For fiscal year 2003, reflects salary reductions implemented (i) for Mr. Tambakeras, during the period commencing November 1, 2001 and ending June 30, 2003 and (ii) for the other Named Executive Officers, during the period commencing November 1, 2001 and ending October 31, 2002. For fiscal year 2002, reflects delayed salary increases pursuant to a cost containment program, and a week off without pay taken in December 2001.

(2) Includes, for Messrs. Tambakeras, Grasberger and Duzy, bonuses paid partially or entirely in shares of Capital Stock or in stock credits as elected by the individual under the Corporation's Performance Bonus Stock Plan. Under the plan, an executive may elect to receive stock or stock credits in lieu of a cash bonus. Pursuant to the plan, any portion of a bonus paid in shares of Capital Stock or in stock credits is increased by 25% of that value.

(3) This column shows the market value of restricted stock awards on the grant date. The aggregate holdings and market value of restricted stock held on June 30, 2003 by the individuals listed in this table are: Mr. Tambakeras, 160,166 shares, \$5,420,017; Mr. Duzy, 12,500 shares, \$423,000; Mr. Grasberger, 35,000 shares, \$1,184,400; Mr. Mahanes, 8,500 shares, \$287,640 and Mr. Wessner, 8,500 shares, \$287,640. Dividends are paid on shares subject to these awards.

(4) Represents options to purchase shares of the Corporation's Capital Stock.

(5) This figure includes imputed income based upon: (i) premiums paid by the Corporation to secure and maintain for certain officers, including all executive officers of the Corporation who elect to participate, a \$500,000 term life insurance policy on the life of such officer until he reaches age 65; and (ii) fees paid by the Corporation to provide financial planning services and executive physicals. This figure also includes a gross-up for tax liability incurred by executive officers in connection with such premiums and fees and, for Mr. Mahanes, a gross-up for FICA Medicare tax liability resulting from the annual incremental vesting of his Supplemental Executive Retirement Plan benefits.

- (6) This figure includes amounts contributed by the Corporation under its Thrift Plan. Eligible employees may elect to contribute 2% to 12% of their monthly compensation (salary and, if applicable, bonus) to this plan. The Corporation contributes shares of Capital Stock to each participant's account in an amount equal to one-half of that portion of the employee's contribution that does not exceed 6% of the employee's compensation. From January 1, 2002 to December 31, 2002, the Corporation suspended temporarily its matching contributions to the plan. Contributed sums are invested in the plan's investment funds (including the Corporation's Capital Stock), in proportions as directed by the employee, and can be withdrawn by the employee only upon the occurrence of certain events. Certain terms of the plan are designed to make available to participants the provisions of section 401(k) of the Internal Revenue Code, as amended (the "Code"), which permit elective employee contributions on a pre-tax basis.
- (7) Mr. Tambakeras became Chairman of the Board of Directors on July 1, 2002 and President and Chief Executive Officer on July 1, 1999. ## Employment Agreements and Termination of Employment and Change-in-Control Arrangements

The Corporation has agreements with Messrs. Duzy, Grasberger and Wessner, and all other executive officers, whereby, subject to review by the Board of Directors and a provision for termination without cause by either party upon written notice, each will be employed by the Corporation. The agreements generally provide that the officers will devote their entire time and attention to the business of the Corporation, will refrain during employment and for three years thereafter from competing with the Corporation (unless employment is terminated by the Corporation without cause or following a change-in-control) and will not disclose confidential or trade secret information belonging to the Corporation. These agreements also require the officers to assign to the Corporation all inventions conceived or made during their employment by the Corporation. The agreements provide for severance payments upon termination of employment occurring either before or after a change-in-control of the Corporation.

In the event of termination of his employment by the Corporation prior to a change-in-control, each officer would receive, as severance pay, an amount equal to three months' base salary at the time of such termination unless otherwise mutually agreed. In the event of termination by the officer prior to a change-in-control, or without good reason following a change-in-control, no severance payments will be made. In general, in the event of termination of employment after a change-in-control by the officer for good reason or by the employer other than for cause or disability, each officer would receive as severance pay 2.8 times the sum of (i) his respective annual base salary at the date of termination or, at the officer's election, his salary as of the beginning of the month preceding the month in which the change-in-control occurs, and (ii) the average of any bonuses which he was entitled to or paid during the three most recent fiscal years ending prior to the date of termination or, at the officer's election, the average of any bonuses which the officer was entitled to or paid for the three fiscal years preceding the fiscal year in which the change-in-control occurred. In addition, for a three-year period the officer would receive the same medical and group insurance benefits that he received at the date of termination. The officer would also receive three years of additional credit for purposes of computing benefits under the Corporation's supplemental retirement plan.

The Corporation has an agreement with Markos I. Tambakeras dated as of May 1, 2002, effective July 1, 2002, pursuant to which Mr. Tambakeras serves as Chairman, President and Chief Executive Officer of the Corporation. Pursuant to the agreement, Mr. Tambakeras is entitled to a minimum annual base salary of \$780,000 (which, at Mr. Tambakeras's request, was temporarily reduced to \$634,500 through June 30, 2003) and is eligible to receive future bonuses targeted at one hundred percent of his annual base salary under the Corporation's bonus plan for executive officers, the actual amount to be based on the performance of the Corporation and Mr. Tambakeras. The agreement is for a three-year term and will be automatically renewed each year for an additional year subject to twelve months' notice by either party. Pursuant to the agreement, Mr. Tambakeras received the awards described in footnote 7 of the Summary Compensation Table.

The agreement with Mr. Tambakeras provides that if, during the term of the agreement and prior to a change-in-control, Mr. Tambakeras is terminated other than for cause, death or disability, or if he terminates the agreement due to the Corporation's breach, he will be entitled to (A) 12 month's notice or payment of his current annual base salary and most recent cash bonus; plus (B) a lump sum payment equal to two times his current annual base salary plus the average of his two most recent cash bonuses. In addition, his options and restricted stock awards would vest.

In the event Mr. Tambakeras' employment is terminated by Mr. Tambakeras without good reason following a change-in-control or prior to a change-in-control other than for the Corporation's breach, Mr. Tambakeras will not be entitled to receive any severance pay other than the amounts, if any, due him at the date of termination but will be entitled to receive pension benefits.

In the event that, at or after a change-in-control and prior to the third anniversary of the date of the change-in-control, Mr. Tambakeras' employment is terminated by him during the term for good reason, the

Corporation's breach, or by the Corporation other than for cause, death or disability, or if Mr. Tambakeras terminates his employment during the thirty (30) day period commencing twelve (12) months after the change-in-control, then Mr. Tambakeras would receive a lump sum payment equal to three times his base salary and average of his three most recent cash bonuses. Severance payments upon change-in-control would be grossed-up for the excise tax during the three-year term.

Mr. Mahanes retired from his employment with the Corporation effective August 1, 2003. In connection with Mr. Mahanes' agreement to postpone his retirement from August 1, 2002 to August 1, 2003 and to serve as the interim Chief Operating Officer of the Corporation's Metalworking Services and Solutions Group during that extended employment period, the Corporation has an arrangement with Mr. Mahanes pursuant to which the Corporation agrees to pay to Mr. Mahanes a quarterly fee of \$48,750 during the four-year period from August 1, 2003 to July 31, 2007. Consistent with the Corporation's executive and management compensation plans, as described in the "Report of the Compensation Committee of the Board of Directors" appearing in this Proxy Statement, for fiscal year 2003 through the date of Mr. Mahanes' retirement, Mr. Mahanes received only basic compensation and the Corporation did not award any equity compensation or bonus to Mr. Mahanes.

## Stock Options

The following table sets forth information concerning options granted to the Named Executive Officers during the fiscal year ended June 30, 2003:

### Option Grants in Last Fiscal Year

Michael P. Wessner	25,000	2.5381	29.805	2012	213,680

- (1) Options with respect to the Corporation's Capital Stock were granted with an exercise price equal to the fair market value of the Capital Stock on the date of grant. These options vest in three equal, annual amounts on the first three anniversaries of the date of grant, however, certain of these options also provide for accelerated vesting in two years if certain performance goals are achieved.
- (2) Based on the Black-Scholes Option Valuation model, adjusted for dividends to determine grant date present value of the options. The Corporation does not advocate or necessarily agree that the Black-Scholes model properly reflects the value of an option. The assumptions used in calculating the option value with respect to the Corporation's Capital Stock include the following: a risk-free interest rate of 3.3% (the rate applicable to a five-year treasury security at the time of the awards); a dividend yield of 2.1% (the annualized yield at the date of grant); volatility of 34.2% (calculated using daily stock returns for the Capital Stock for the five-year period preceding the option award); and an exercise price equal to the fair market value of the Capital Stock on the date of grant. The value of these options under the Black-Scholes model of option valuation applying the preceding assumptions is \$9.426 per share.
- (3) Represents options granted to Mr. Tambakeras in connection with his employment agreement effective July 1, 2002, the details of which are discussed in footnote (7) to the Summary Compensation Table and under "Employment Agreements and Termination of Employment and Change-in-Control Arrangements" appearing above in this Proxy Statement.

#### **EQUITY COMPENSATION PLAN INFORMATION**

The Kennametal Inc. Stock Option and Incentive Plan of 1992 (the "1992 Plan") provides for the granting of nonstatutory and incentive stock options and certain share awards. The Kennametal Inc. Stock Option and Incentive Plan of 1996 (the "1996 Plan") provides for the granting of nonstatutory and incentive stock options and certain share awards. The Kennametal Inc. 1999 Stock Plan (the "1999 Stock Plan") is a non-shareowner approved plan that provides for the granting of nonstatutory stock options and certain share awards. This plan was implemented in connection with the hiring of new employees and was not submitted for shareowner approval because the New York Stock Exchange at that time permitted the listing of shares under non-shareowner approved plans for stock awards to new employees and other limited circumstances. The Kennametal Inc. Stock Option and Incentive Plan of 1999 (the "1999 Plan") provides for granting nonstatutory and incentive stock options and share awards. Although options are still outstanding under the 1992 Plan, 1996 Plan, 1999 Stock Plan and 1999 Plan, no further grants may be made under these plans.

In 2002, the shareowners approved the Kennametal Inc. Stock and Incentive Plan of 2002 (the "2002 Plan"), which provides for the granting of nonstatutory and incentive stock options and certain share awards covering 1,750,000 shares of the Corporation's Capital Stock. Under the 2002 Plan, the price at which shares covered by an option may be purchased must not be less than the fair market value of such shares at the time the option is granted. The purchase price must be paid in full at the time of exercise either in cash or, in the discretion of the Committee administering the plan, by delivering shares of the Corporation's Capital Stock or a combination of shares and cash having an aggregate fair market value equal to the purchase price.

The Kennametal Inc. Employee Stock Purchase Plan ("ESPP") provides for the issuance of not more than 1,500,000 shares. The ESPP provides employees with the opportunity to purchase shares of the Corporation's Capital Stock at 85% of the fair market value and is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code.

The Kennametal Thrift Plan ("Thrift Plan") and the Greenfield Industries Inc. Retirement Income Savings Plan ("Greenfield Plan") provide for the issuance of not more than 1,500,000 shares. The Thrift Plan and the Greenfield Plan are defined contribution employee benefit plans, established to encourage investment and savings for eligible employees of the Corporation and certain subsidiaries and to provide a method to supplement their retirement income benefits. The Thrift Plan and the Greenfield Plan provide these employees the opportunity to defer a portion of their annual compensation for federal income tax purposes in accordance with Section 401 of the Internal Revenue Code, as amended (the Code). The Corporation may match a portion of the contribution in cash or Capital Stock. The Thrift Plan and the Greenfield Plan are subject to certain provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Corporation's Performance Bonus Stock Plan of 1995 ("Bonus Stock Plan") provides for the issuance of not more than 750,000 shares. The Bonus Stock Plan provides that certain performance-based bonus compensation plans for management and/or senior executives are eligible for participation in the Bonus Stock Plan ("Management Performance Bonus Plan"). Each participant in a Management Performance Bonus Plan may elect to receive Capital Stock or stock credits in lieu of a cash bonus. Pursuant to the

Bonus Stock Plan, any portion of a bonus paid in shares of Capital Stock or in stock credits is increased by up to 25% of that value.

The Corporation's Directors Stock Incentive Plan provides for the issuance of not more than 200,000 shares. The plan allows any non-employee director to elect to receive shares of the Corporation's Capital Stock at their then current fair market value in lieu of all or a portion of any consideration payable for services as a director that is not deferred pursuant to the Corporation's Deferred Fee Plan for Outside Directors.

The following table sets forth information concerning the Corporation's equity compensation plans as of June 30, 2003:

## REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

### EXECUTIVE COMPENSATION PHILOSOPHY

Executive and managerial compensation programs at the Corporation are designed and implemented with certain guiding principles in mind:

- To link the interests of executives and managers to the interests of the shareowners and other potential investors.
- To provide incentives for working toward increasing the market value of the Corporation's stock and to increase shareowner value through achieving financial and business objectives.
- To provide incentives for strategic vision and decision-making that will promote the longer-term health and viability of the Corporation.
- To provide incentives for innovation, quality management, responsiveness to customer needs, value-added products and services, and an action-oriented approach to opportunities in the marketplace.
- To attract and retain individuals with the leadership and technical skills required to carry the Corporation forward into the future, given the belief that the Corporation's human resources can provide a competitive advantage in the marketplace.
- To tie compensation to achievement of strong results.

### GENERAL COMPENSATION PLAN DESIGN

Executive and management compensation plans consist of (1) a long-term element, (2) annual performance rewards, (3) basic compensation, and (4) stock ownership guidelines.

- The primary vehicles for providing long-term incentives are the Corporation's stock option plans and a limited participation restricted stock grant plan, with vesting of restricted stock dependent on an annual schedule and performance metrics. The belief is that key executives and certain managers should hold stock and stock options in such quantities as to provide an incentive to make decisions and take actions that will enhance the performance of the Corporation and increase its value. The interests of shareowners and executives are tied together by the market value of the stock.
- Annual performance rewards include a management performance bonus plan and annual base salary merit increases.
  - The Prime Bonus Plan for executives and managers is designed to closely tie bonus awards to corporate performance, unit performance, and individual contributions, relative to the Corporation's business plans and strategies. The Prime Bonus Plan is also intended to maintain management compensation at a competitive level, as indicated by published compensation surveys.
  - The annual Base Salary Merit Increase Review for executives and managers provides rewards for more qualitative achievements in innovation, quality, service to the customer and leadership. Consideration is given to competitive salary increases that are being awarded by other industrial firms, as indicated by published salary surveys. During the period from November 1, 2001 to October 31, 2002, this review process was suspended temporarily due to adverse business conditions. In addition, during this period, due to the economic and business environment, Kennametal officers voluntarily accepted a reduction in pay. Their salaries, with the exception of Mr. Tambakeras (as noted below), were re-instated to their pre-reduction levels on November 1, 2002.

- Basic compensation for executives, including the Chief Executive Officer, is intended to be competitive in the employment market and is designed to attract, retain and motivate high-quality individuals. Basic compensation includes base salary, flexible and fixed-benefit plans, minor executive perquisites and the Supplemental Executive Retirement Plan.
- In 1995, executive stock ownership goals were established by the Chief Executive Officer, ratified by the Board of Directors Committee on Executive Compensation (the predecessor of the Compensation Committee) and presented to the Board of Directors. ## REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is composed of five directors. The Board of Directors, in its business judgment, has determined that all of the members of the Audit Committee are “independent” in accordance with the applicable sections of the NYSE’s existing and proposed listing standards and U.S. Securities and Exchange Commission (“SEC”) regulations.

On April 29, 2003, the Board of Directors amended and restated the written charter for the Audit Committee, a copy of which is attached as Appendix I to this Proxy Statement. The amended and restated charter complies with the applicable sections of the NYSE’s existing and proposed listing standards and SEC regulations.

In accordance with its written charter, the Audit Committee’s purpose is to assist the Board in its oversight of: the quality and integrity of the financial statements of the Corporation; the compliance by the Corporation with legal and regulatory requirements; the performance, qualifications and independence of the Corporation’s independent public accountants; and the performance of the Corporation’s internal audit function. In addition, the Audit Committee has the sole authority to appoint, retain, terminate and replace the Corporation’s independent public accountants, subject to shareowner ratification with respect to retention at the next regularly scheduled annual meeting of shareowners. The Audit Committee’s duties and responsibilities are stated more fully in its written charter.

Management is responsible for the financial reporting process, including, with the assistance of the Corporation’s internal audit function, the system of internal controls, and for the preparation and presentation of consolidated financial statements in accordance with accounting principles generally accepted in the United States (“GAAP”). The independent auditors are responsible for planning and carrying out a proper audit of these financial statements and expressing an opinion as to their conformity to GAAP. The Audit Committee’s responsibility is to provide oversight to these processes. The Audit Committee does not certify the financial statements or guarantee the independent auditor’s report. In fulfilling its oversight capacity, the Audit Committee relies, without independent verification, on the information provided to it, the representations made by management and the independent auditors and the report of the independent auditors.

Anyone, including the Corporation’s employees, who has a complaint or concern regarding the Corporation’s accounting, internal auditing controls or auditing matters may communicate that complaint or concern to the Audit Committee by sending correspondence in care of the Vice President, Secretary and General Counsel, Kennametal Inc., 1600 Technology Way, P.O. Box 231, Latrobe, Pennsylvania 15650-0231, or by calling the Corporation’s toll-free HELPLINE (1-877-781-7319), which can be utilized, on a confidential and anonymous basis, twenty-four (24) hours a day.

The Audit Committee held ten meetings in fiscal year 2003. During these meetings, the Audit Committee discussed with management, the internal auditors and PricewaterhouseCoopers LLP (“PwC”), independent auditors, the quality and adequacy of the Corporation’s internal controls and the internal audit function’s organization, responsibilities, budget and staffing and the results of internal audit examinations. The Audit Committee also reviewed with both PwC and the internal auditors their audit plans, audit scope and identification of audit risks, and met separately with PwC and with the internal auditors, without management present, to discuss the results of their examinations, their evaluations of the Corporation’s internal controls and the overall quality of the Corporation’s financial reporting. The Audit Committee reviewed the interim financial information contained in each quarterly earnings announcement in fiscal year 2003 and discussed this information with PwC and with the Corporation’s Chief Financial Officer and Controller prior to release. The Audit Committee also reviewed and discussed with both management and PwC the audited financial statements for the year ended June 30, 2003 prior to release.

The discussions with PwC included the matters required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, relating to communica-

tion with audit committees. The Audit Committee received from PwC written disclosures and the letter regarding its independence as required by Independence Standards Board Standard No. 1, describing all relationships between the auditors and the Corporation that might bear on the auditors' independence, and discussed with PwC the auditors' independence.

Based on these reviews and these meetings, discussions and reports, the Audit Committee recommended to the Board of Directors that the Corporation's audited consolidated financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended June 30, 2003, for filing with the SEC. The Audit Committee has, subject to shareowner ratification at the 2003 Annual Meeting of Shareowners, retained PwC as the Corporation's independent auditors for the fiscal year ending June 30, 2004.

## INDEPENDENT AUDITORS

### Ratification of the Selection of the Independent Auditors

The Audit Committee has elected to retain PricewaterhouseCoopers LLP as the Corporation's independent auditors for the fiscal year ending June 30, 2004. At the Annual Meeting, the shareowners will be asked to ratify that selection. Unless otherwise directed by the shareowners, proxies will be voted in favor of the ratification of the selection of PwC as the Corporation's independent auditors for the fiscal year ending June 30, 2004.

Representatives of PwC attended nine of the ten meetings of the Audit Committee held during fiscal year 2003. The Audit Committee reviewed the non-audit services provided by PwC to the Corporation in fiscal 2003. Based on that review, the Audit Committee considered whether the provision of the non-audit services by PwC was compatible with maintaining the independence of PwC.

The Audit Committee preapproves the terms of all auditing and non-auditing services that the Corporation's independent auditors or an affiliate of the independent auditors are permitted to render under the Securities Exchange Act and applicable SEC regulations, subject to the *de minimis* exceptions thereunder with respect to the preapproval of non-audit services. The Audit Committee may delegate preapproval authority to one or more of its members. The member(s) to whom such authority is delegated must present any preapproval decisions to the Audit Committee at its next scheduled meeting for ratification.

Representatives of PwC will attend the annual meeting, and will be available to make a statement at the meeting if they wish. They also will be available to respond to appropriate questions from shareowners in accordance with the rules of the meeting.

**The Board of Directors unanimously recommends a vote FOR the ratification of PwC as the Corporation's independent auditors for the fiscal year ending June 30, 2004.**

## Dismissal of Arthur Andersen

On April 30, 2002, upon the joint recommendation of management and the Audit Committee, the Board of Directors of the Corporation ratified the dismissal of Arthur Andersen as the Corporation's independent auditors following the completion by Arthur Andersen of its review report on the financial statements of the Corporation for the quarter ended March 31, 2002, and also ratified the selection of PwC as independent auditors for fiscal year ending June 30, 2002. This change in independent auditors became effective on May 14, 2002.

In connection with the audits for the fiscal years ended June 30, 2000 and 2001 and through May 14, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Arthur Andersen, would have caused Arthur Andersen to make reference thereto in its report on financial statements of the Corporation for such time periods. Also, during those time periods, there have been no "reportable events," as such term is used in Item 304(a)(1)(v) of the Regulation S-K.

Arthur Andersen's reports on the financial statements of the Corporation for the fiscal years ended June 30, 2000 and 2001 neither contained an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's fiscal years ended June 30, 2000 and 2001, and the subsequent interim period through May 14, 2002, the Company did not consult with PwC regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of the Regulation S-K.
